A7.8 SmartLine® Service for Public Telephone Access

A7.8.1 General

- A. SmartLine® Service is a standard Dial Tone First (DTF) coin line for customer provided pay telephones.
- B. SmartLine® Service will be provided from central offices where facilities are available.
- C. This service is provided subject to the requirements set forth in A7.4.1, A7.4.2, A7.4.3, and Section A2. of this Tariff.
- D. Features of the SmartLine® Service are as follows:
 1. Service will be provided on a two way basis, except lines placed in correctional institutions, schools, hospitals and other locations for which a specific exemption has been granted by the Public Service Commission. There will be no charge imposed for incoming calls.
 2. Service will be provided on a DTF basis to enable end users to dial certain calls without requiring coin deposits, e.g. 911 Emergency Calls, local directory assistance, and non-ant paid calls.
 3. Central office blocking of 900, 976 and N11 calls will be provided.
 4. Operator Call Screening will be provided to alert operator and carrier systems that the call is originating from a SmartLine® Service line and may require special handling and billing treatment.
 5. Billed Number Screening will be provided to indicate in validation data bases that incoming collect and bill to third number calls are not to be billed to the line.
 6. Coin signaling (coin collect and coin return) will be provided by the network. Coin collect is used when a call has been completed and coin return is used if a no answer or busy condition is encountered.
 7. Standard recorded announcements currently used with the Company's Public Telephone service will be utilized with SmartLine® Service.
 8. The Company's operator system will handle 0- intraLATA toll calls and 0+ local calls from SmartLine® Service lines. All 10XXXX 0+ or 101XXXX 0+ dialed intraLATA toll calls will be routed to the dialed carrier.

A7.8 SmartLine[®] Service for Public Telephone Access (Cont'd)

A7.8.1 General (Cont'd)

D. Features of the SmartLine[®] Service are as follows: (Cont'd)

9. At present, sent paid interLATA, interstate and international calls originating from SmartLine[®] Service lines, including but not limited to 1+, 10X00X 1+, 101X00X 1+, 011+, 10X00X 011+, 101X00X 011+, 950 1+ and 800 1+ access code calls, will be forwarded to AT&T for coin rating and completion. When other interexchange carriers provide sent paid service, 1+ presubscription interLATA calls will be permitted. Special billing/coin sharing arrangements between the SmartLine[®] Service subscriber and their respective carriers will be the responsibility of the SmartLine[®] Service subscriber.

Sent paid interLATA calls originating from SmartLine[®] service lines including but not limited to 1+, 10X00X 1+ and 101X00X 1+ access code calls will be sent to the presubscribed IC unless the IC is unable to handle coin rating. If the IC is unable to handle coin rating, the call will be sent to the Company for coin rating and completion.

10. International Call Blocking (011+) is available through the BellSouth Telecommunications, Inc., Tariff F.C.C. No. 1.

11. All 0+ interLATA and intraLATA calls will be routed to the SmartLine[®] Service subscriber presubscribed carrier.

12. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for coin user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulation of the Florida Public Service Commission (PSC). In the case of a conflict between the Company's Tariff and a rule or regulation of the Florida PSC, the rule or regulation shall prevail.

A7.8.2 Rates and Charges

A. SmartLine[®] Service will be provided on a usage rate basis where facilities are available.

1. Usage Rate Service - The following monthly rate is applicable to SmartLine[®] Service on a per line basis.

	Monthly Rate	USOC
(a) Two way, per line	\$35.00	SLU
(b) Outward only, per line	35.00	SLN

- B. The following measured rate charges apply to calls within the local calling area and to the calls in the Local Calling Plus exchanges specified in A3.8.50 and to calls in the Extended Calling Service exchanges specified in A3.8.49 other than those specified in C. following.²

Note 1: Text is shown as new due to reissue of all Tariff Sections. No changes in rates or regulations were made with this filing.

Note 2: Calls within the local calling area and calls in the Local Calling Plus exchanges specified in A3.8.50 are each charged for at least one (1) minute of use. For calls that exceed one (1) minute, usage charges are based on conversation time rounded up to the nearest one tenth (1/10) minute.

A7.8.3 Rates and Charges (Cont'd)

- L. Non-text paid interLATA toll calls carried by the Company will be rated to the end user at the long distance rate and the appropriate operator surcharge set forth in Section A18, of this Tariff plus the set use fee as provided in A7.6 of this Tariff.
- J. Touch-Tone Calling Service will be provided at rates specified in A13.2 of this Tariff for business individual line service.
- K. The Smartline[®] Service subscriber will be charged for interLATA long distance Directory Assistance Service at the rate specified in A18.7 of this Tariff for business individual line service. The network will require a deposit be made by the end user unless charged to an alternate billing method.
- L. Service charges as covered in Section A4, of this Tariff for business individual line service are applicable.
- M. Listings in connection with Smartline[®] Service are furnished under the regulations specified in Section A6, of this Tariff for Company and Customer Owned Pay Telephone Service.
- N. Suspension of service, as covered in A2.3, is not available unless the instrument is totally inaccessible to the general public on a temporary basis. In all cases, the decision to permit temporary suspension of service rests with the Company.
- O. When service is temporarily suspended at the subscriber's request, a Secondary Service Ordering Charge and a restoration charge, as specified in A4.3 will be charged for each telephone number restored.
- P. Rates for Verification and Emergency Location Service as provided in Sections A3, and A18, of this Tariff are applicable. The network will require a deposit be made by the end user unless charged to an alternate billing method.

A7.9 Local Usage Detail (LUD)

A7.9.1 General

- A. Local Usage Detail (LUD) is an option for Public Telephone Access Service for CPB and Smartline[®] service for Public Telephone Access subscribers who desire a printed listing of local call details for calls placed to the basic local calling area and to the expanded calling area, if applicable, in addition to the usual summary billing of all dialed, semi-paid, billed local usage.
 - B. The provision of LUD will coincide with the billing period(s) for the access lines to receive detailed billing, i.e., the reporting of expanded call details will start at the beginning of a billing period and stop at the end of a billing period. For existing customers, LUD should be ordered at least five days prior to the billing date to ensure the timely start or stop of detailed reporting. However, if LUD is requested on an order which establishes service, detailed reporting will start coincident with establishment of the service.
 - C. LUD will be provided on a per account basis.
 - D. Charges for LUD are in addition to applicable local usage charges specified in this Tariff.
- A7.9.2 Rates and Charges**

A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)

A7.4.1 General

- A. Public Telephone Access Service for CPE is an exchange line service provided at the request of the subscriber for telecommunications use by the general public at locations accessible to the general public. Exceptions to this service pertaining to inmates served within the confines of penal, correctional or mental institutions are provided in A7.4.7.
- B. Public Telephone Access Service for CPE is provided for use with customer provided telephones.
- C. Public Telephone Access Service for CPE is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of facilities.
- D. The carriage and completion of local and intraLATA toll messages are provided by the Company. Dialed calls are defined by those digits entered by the end user which control the routing of the call. Modification or translation of these digits or any local and/or intraLATA call is not allowed.
- E. Public Telephone Access Service for CPE is provided subject to the condition that telephone messages (local and long distance) placed from stations which are accessible to the public are completed over Public Telephone Access Service for CPE lines (or other Public or Semipublic lines). Where Public Telephone Access Service for CPE is furnished, any type or grade of residence or business service offered regularly at that location may be furnished in addition, provided such residence or business service is confined to locations solely for use by the particular establishment.
- F. Customer-provided public telephones may not be attached to other types of access lines. A subscriber must order a separate Public Telephone Access line for each CPE public telephone installed and will be billed the Tariffed rate for each line.
- G. Public Telephone Access Service for CPE will only be provided as Two-Way service, except lines placed at locations for which a specific exemption has been granted by the Public Service Commission. Coinless telephones do not have to receive incoming calls if requested by the location provider. All providers that do not allow incoming calls are required to have an intercept placed on the access line to indicate the called number is unable to receive incoming calls. This message will be provided by the Company where facilities permit and at no charge to the provider.
- H. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a customer-provided Public Telephone, the name information transmitted will always be "Pay Phone."

A7.4.2 Responsibility of the Subscriber

- A. The subscriber shall be responsible for the installation, operation and maintenance of any customer-provided telephones used in connection with this service.
- B. Must apply for and receive a Certificate from the Public Service Commission of South Carolina before the Company connects the public telephone access line(s). Proof of certification must be furnished to the Company.

A7.8 SmartLine[®] Service for Public Telephone Access (Cont'd)

A7.8.1 General (Cont'd)

D. Features of the SmartLine[®] service are as follows: (Cont'd)

2. Service will be provided on a DTF basis to enable end users to dial certain calls without requiring coin deposits, e.g. 911 Emergency Calls, local directory assistance, and non-sent paid calls.
3. Central office blocking of 900 and 976 calls will be provided.
4. Operator Call Screening will be provided to alert operator and carrier systems that the call is originating from a SmartLine[®] service line and may require special handling and billing treatment.
5. Billed Number Screening will be provided to indicate in validation data bases that incoming collect and bill to third number calls are not to be billed to the line.
6. Coin signaling (coin collect and coin return) will be provided by the network. Coin collect is used when a call has been completed and coin return is used if a no answer or busy condition is encountered.
7. Standard recorded announcements currently used with the Company's Public Telephone service will be utilized with SmartLine[®] service.
8. The Company's operator system will handle 0-, 0+ and 1+ intraLATA toll calls and 0+ local calls from SmartLine[®] service lines. All 10XXX 0+ or 101XXXX 0+ dialed intraLATA toll calls will be routed to the dialed carrier. (C)
9. At present, sent paid interLATA, interstate and international calls originating from SmartLine[®] service lines, including but not limited to 1+, 10XXX 1+, 101XXXX 1+, 011+, 10XXX 011+, 101XXXX 011+, 950 1+ and 800 1+ access code calls, will be forwarded to AT&T for coin rating and completion. When other interexchange carriers provide sent paid service, 1+ presubscription interLATA calls will be permitted. Special billing/coin sharing arrangements between the SmartLine[®] service subscriber and their respective carriers will be the responsibility of the SmartLine[®] service subscriber. (C)
10. International Call Blocking (011+) is available through the BellSouth Telecommunications, Inc., Tariff F.C.C. No. 1.
11. All 0+ interLATA calls will be routed to the SmartLine[®] service subscriber presubscribed carrier.
12. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulation of the South Carolina Public Service Commission (PSC). In the case of a conflict between the Company's Tariff and a rule or regulation of the South Carolina PSC, the rule or regulation shall prevail.
